Description

'SULIS' Highlights

Outstanding presentation. Continually upgraded.

Price Reduced for quick sale.

The very best example of the Elan 434 Impression we have seen so far.

Full in and out of water survey by Australian marine surveyor Don Buckley in July 2026. Report available on request

Extensive upgrade/refit from 2023-2026 for the blue-water passage from Greece to New Zealand.

Designed by renowned naval architect, Rob Humphries, in England as a performance cruiser design category A Ocean. Certified by Germanischer Lloyd in Germany.

Capsize ratio 1.9. Comfort ratio 28.77 making her a proven safe offshore vessel.

Liveaboard since 2023 and never chartered.

Second owners kept the boat in dry storage for 10 years and only used the boat a few weeks each year.

3 cabin, 2 head version, with larger bed and storage specified at commission for the master V-berth.

Standing rigging (July 2020)

Running rigging (2024)

New Mainsail and Genoa (2025)

Harken electric winches x 4

Hydrovane version 2, Self steering windvane (Nov 2023)

Volvo Penta D2-55C inboard diesel engine, 3100 hours in excellent condition and recently fully serviced (June 2026)

Highfield Ultralight Hypalon 2.6m dinghy with dinghy chaps (2023)

Tohatsu 9.8hp 2 stroke outboard (2023)

12 volt DC and 230 volt AC electrics

720 watt Solar Panels on arch (Nov 2023)

400 AH Lithium house batteries (Nov 2023) professionally installed.

110 AH Lifeline AGM starter battery (Nov 2024)

120 AH AGM x 2 Bow-thruster batteries (March 2026)

Victron 100/50 MPPT Solar charger, Victron 30amp DC-DC charger, Victron smart shunt (Nov 2023) professionally installed.

Victron 2000 watt inverter 12/230 volt (Nov 2024) professionally installed

Raymarine Axiom 9 Chartplotter, AIS 7000 send + receive (Nov 2023) professionally installed

Raymarine Quantum 2 Doppler Radar (June 2025) professionally installed

Spectra Ventura 150 Watermaker 25 litres/hr 12 volt (Oct 2024)

Windlass Lofrans Project X2 1000 watt (May 2023)

Rocna Vulcan 2kg primary anchor (March 2025). Spade 20kg secondary anchor.

110m 10mm galvanised chain (2023)

6-man Offshore Liferaft (July 2023)

Full range of cruising CAT 1 safety gear

Anti-foul, Prop-speed and Anodes (April 2026)

Full cockpit enclosure of sunbrella and plastic clears, as well as full cockpit shade covers and a boom shade tent.

Full canvas boat cover providing UV protection for boat storage

Huge inventory of spare parts for all systems and tools onboard.

Well equipped galley and lots of cabin linens onboard

Turn-key ready to go world cruising

Owners have secured dry storage booking at Vuda Marina for December to May period. This booking is transferable to the buyers if requested.

SULIS A word from the Owners

"We first saw an Elan 434 Impression when Anna at Nautilus was selling one in 2020, and we were instantly impressed. For our family cruising boat we were looking for a tried and tested monohull. Our checklist was for a balance of blue water passage capability, sailing performance, build quality, safety and comfortable family living whilst on anchor. After extensive research and reading numerous reviews on the Elan we were sold!

Disclaimer

Our company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

Our cruising life started however in April 2023 in Martinique on a French production boat. But we had not given up our dream of sailing back home to New Zealand on an Elan.

It was in St Martin in the Caribbean in Feb 2024 when an Elan 434 flying a NZ flag came and anchored in front of us on Colette, the Skippers birthday. We went over to say Hi and discovered that this kiwi family were going to sell their boat due to work commitments. So out of the blue we had found our Elan, or rather Sulis found us! I still joke that it was an expensive birthday present, but the best one ever.

The boat was first launched in July 2006 having been commissioned with a customised v-berth forward cabin, combining a larger bed and more storage. The boat was only used for a few months each European summer.

In 2013 the boat was sold to an Australian couple who kept her in Greece, only using her for a couple of months each year then storing her on the hard with a full canvas boat cover for UV protection. Our now good friends from NZ purchased her in 2023 and did extensive upgrades to prepare her to sail her from Greece to New Zealand.

We became the fourth owners and took her over in April 2024 and have completed the journey.

We took Sulis out for our very first sail as her new owners from Martinique to Aruba, in 2m seas and up to 30kts wind for 4 days, and were very impressed with her drive and sea kindly motion. Since then we have sailed to Colombia, Panama, through the canal to the Pacific Ocean. The big crossing from Panama to the Marquesas was so enjoyable on a boat this well designed and set up for long distance passage making. We then sailed through French Polynesia, Tonga, Fiji, New Zealand, and now back to Fiji. Sulis has never let us down and has kept us safe in all weathers and sea conditions.

We have been really happy with our decision to change boats and Sulis has more than met our expectations. She has a high comfort rating of 28.77, which under passage shows up as her moving with drive and ease through the water. She is sure footed and fast, and as a family we have always felt safe and secure going to sea in her.

She is light and comfortable down-below, has ample space and headroom, and has provided us with a lovely home. The cockpit provides an excellent outdoor living space in the tropics, with the sugar scoop and swim platform giving easy access to the sea and dinghy.

The continual upgrades of the last 3 years makes it even harder for us to let her go. But it is time to go back to land and school for our daughter after 3.5 years of liveaboard cruising. As sad as we are to sell her, we are happy in the knowledge that she is truly an exceptional boat, set up to go anywhere and I'm sure she will look after her new owners well." Miles & Colette, Fiji, July 2026

Please read on and click on the Additional Descriptions for the detailed inventory and list of recent upgrades. This truly beautiful yacht is continually maintained and improved at no expense spared. You can also watch our full video tour to discover this superb ship in details.

For a bit of info about Nautilus Yacht Management, we are a boutique-style brokerage devoted to high quality cruising yachts and to the cruising community since our launch in Sydney in 2011.

With representation in French Polynesia to Fiji, New Zealand and Australia to assist cruisers along South Pacific route, we are here to help both sellers and buyers with the logistics involved from registration to insurance, delivery,
